TECNODECK CABANAS

WITH PIVOTING LOUVERS SYSTEM

TECNODECK CABANAS WITH PIVOTING LOUVERS SYSTEM

Allows control of the sun, visual and wind.

With manual pivoting system, Tecnodeck CABANAS is composed by modular panels with adjustable sunscreen Tecnodeck 85x30 mm pivoting profiles.

The pivoting system allows the random movement of the profiles and uses a very simple and affordable fixing system, made from UV resistant composite material. As in all Tecnodeck profiles, Tecnodeck CABANAS are also maintenance free.

CABANAS

Cabana Type CL-0

Cabana Type CL-1

Cabana Type CL-2

Cabana Type CL-3

Cabana Type CL-4

Cabana Type CL-5

Cabana Type CL-6
